The story of the original GOLDCOCK Czech whisky started in 1969 in a former brewery in Těšetice near Olomouc. Our goal is to continue this tradition and preserve what makes our whisky unique.

The single malt whisky produced by R. JELÍNEK comes from Moravian barley malted in the renowned Bruntál malt house using peat from the St. Sebastian Mountain and local spring water. It is aged in new and strongly scorched barrels made of Czech oak.

It is distilled in modern Arnold Holstein boilers. We feel that this combination of the new and the old is the best way to maintain the qualities of GOLDCOCK Whisky.

The 49.2% alcohol content corresponds to the latitude where the premises of the RUDOLF JELÍNEK distillery are located.

SLIVOVITZ MUSEUM

Slivovitz (plum brandy) is an exquisite alcoholic beverage that has been produced for centuries mainly in Central and Eastern Europe. It is so typical for Bohemia and Moravia that it can be called, with only slight exaggeration, a national drink and export silver.

You have the unique opportunity to learn more about its origins and development in the R. JELÍNEK Slivovitz Museum. You can enjoy a screening, realistic exhibits and an exclusive 5D experience with virtual reality.

The interactive exhibition offers you an unforgettable experience from the production of fruit spirits from around the world, including the history of distillation in Vizovice, Wallachia and the fates of the families involved in it.

What awaits you?

- A fifty-five-minute interactive, guideless tour in Czech and English (other languages with audio-guide)
- Tasting of three R. JELÍNEK products and three Wallachian finger food (Vegetarian tapas at request in advance)

VIZOVICE SLIVOVITZ

An exceptional product offered by RUDOLF JELÍNEK is Vizovice Slivovitz (plum brandy). The company is returning to its roots with this edition, the tradition of cultivating plums in the orchards of this region. More than 100 years ago there were approximately 70,000 fruit trees growing in Vizovice.

In 2003, the company decided to follow this tradition by buying land and planting the first orchards. Now there are more than 23,000 plum trees growing on 60 hectares of land.

Kosher Slivovitz

Kosher spirits are produced in accordance with the Jewish faith. No ingredients, equipment or procedures that contradict the tenets of the Jewish religion are used in production. Each stage of production is personally overseen by a rabbi.
